## Little Theatre Group Entertain

On Wednesday, the twenty-third of this month, a very enjoyable program was given by the Little Theatre Group for the entertainment and instruction of their members and friends.

A one-act play, absorbing and skilfully done, was followed by two one-act plays of a novel nature.

Given characters, for each, the assembly, divided into two groups, were required to evolve a plot and dialogue and produce. A very ingenious and amusing result was obtained in both cases.

The evening was brought to a close with refreshments and dancing and it was felt that this group was away to a very successful season.
